# SPECIFICATION SHEET

SMT LED G4 Series

S15G4

Model: S15G4

Product Features:

- Ultra-high brightness, high color-rendering index.

- Comprehensive application LED light sources, unique control circuit design, and truly achieve a highly efficient energy-saving and energy-saving efficiency of more than 80%.

- Safety Assurance: CE & ROHS.

- Precise and simple structure for replacement of traditional lights of G4.

Application:

- Office building, restaurant, hotel, meeting room, showroom, shop window, telephone cabinet, and so on. It can replace the traditional lamps.

Type No.	Number of LED Emitters	Volts	Color Temperature ºK	Beam Angle	Watts	Color	Luminous flux	Order Code
S15G4	15	AC/DC 12	3000	360 Side / 120 Top	0.7	Warm White	50	61802
			6100		0.8	Cool White	60	61801

Notes:

1. All dimension units are millimeters.
2. All dimension tolerance is ±1mm unless otherwise noted.
3. Please don't touch the lamps, while it is on! Turn off the switch, while the lamps are installed!
