

WARRANTY

The APCECO is guaranteed to the original owner for three years from the date of purchase. Misuse, abuse, or failure to follow instructions is not covered. Do not open or try to repair any part of the controller. Any attempt to do so voids the warranty. If you have a concern, call us at 1-800-634-9990 for a warranty assessment, then contact the original place of purchase for a return. Unauthorized returns will not be accepted. Save your receipt/invoice – a copy is required for all warranty work.
