

Floralicious® Plus Super Concentrated Enhancer

2-0.8-0.02
946 ml (1 QUART)

Floralicious® Plus is a super concentrated blend of plant, marine, and mineral extracts. Floralicious Plus is a one part nutrient additive for both hydroponics and soil that can be used throughout the plants growing cycle.

Floralicious Plus contains the natural building blocks of life and is used in addition to your regular fertilizer program.

Floralicious Plus enhances mineral nutrient uptake and transport in your plants. Floralicious Plus enhances metabolic growth, promotes flower development, encourages fruit swelling, and facilitates essential oil production. Floralicious Plus will also encourage beneficial microbial activity in the root zone.

Floralicious Plus means plants with incredible flavor and extraordinary yield!

DIRECTIONS:

As Nutrient Additive:

Shake well. Add to nutrient solution at the rate of 1 teaspoon per 5 gallons water (.25 ml per liter). Keep solution aerated. Renew with each nutrient change.

As a Foliar Spray:

Add 1-2 teaspoons per gallon water (1-2 ml per liter). Spray foliage lightly, particularly the bottoms of leaves. Use weekly in addition to your regular fertilizers.

For best results in hydroponics, keep nutrient solution well aerated.
