

## Outlet Post In-Use Covers

Provide a new code-compliant solution for supplying power to gardens and other out-of-the-way areas. The unit also has provisions for field-installed, energy saving photo controls and/or timers.

- Ensure compliance with Article 406.8(B)(1) of the 2005 National Electrical Code which states that 15 and 20 Ampere, 125 and 250 Volt receptacles installed in a wet location shall have an enclosure that is weatherproof whether or not the attachment plug cap is inserted.
- Heavy duty high-impact polycarbonate construction for long lasting durability
- Patented single gang inserts for GFCI, duplex, single receptacles, toggle switch and blank
- Cover includes lockable hasp
