

Mini Dec Twister 13W Med EL/mDT 1CT

Product family description

Philips Energy Saver Twisters allow users to save energy and reduce operating costs without sacrificing light quality.

Features

- Turns on instantly.
- Fits into incandescent fixtures.
- Provides warm and inviting soft white light
- Offers Long Life compared to standard incandescents.

Applications

- Use in table/floor lamps, wall sconces, reading lamps, open hanging pendants.

Notes

- Do not use with emergency exit fixtures or lights.
- Outdoor use requires a weather-protected fixture.
- Turn off power before changing bulb.
- Use in recessed cans or enclosed indoor fixtures could result in reduced lamp life. (228)
- All Marathon™ lamps are suitable for indoor or outdoor use down to -10°F. Outdoor use requires a weather-protected fixture. All these products comply with part 18 of the FCC rules. These products may cause interference with AM radios, cordless telephones, and remote control devices. Interference may be caused after a brief 90-second lamp warm-up period. If interference continues, relocate the lamp away from the device or plug into a different outlet. (217)
- All lamps are electronically ballasted and designed for 120 volt operation. Lamps operated in extreme environments will have reduced life (ie. recessed or enclosed lighting fixtures with elevated line voltage). Caution: Except for lamps marked dimmable, do not use with dimmers. Before using these lamps with electronic timing or photocell devices, check to determine whether the device is compatible with compact fluorescent lamps. Use with incompatible devices will result in premature lamp failure. This product is UL listed. (218)
- Average life under specified test conditions with lamps turned off and restarted no more frequently than once every 3 operating hours. (230)
- Approximate initial lumens. The lamp lumen output is based upon lamp performance after 100 hours of operating life under standard laboratory conditions. (231)
