

# UltraMax® and UltraStart® Linear Fluorescent Electronic Ballast Limited Warranty

GE Consumer & Industrial  
Lighting

GE Consumer & Industrial, Lighting ("GE") is pleased to provide the following limited warranty covering GE UltraMax® instant-start and GE UltraStart® programmed-start linear fluorescent electronic ballasts purchased directly from GE.

GE warrants that these ballasts comply with their published specifications and are free from defects in materials and workmanship for the respective periods of time set forth below.

**Remedy:** If a GE UltraMax® instant-start or UltraStart® programmed-start linear fluorescent electronic ballast fails due to defects in materials or workmanship within **five (5) years** after the date of manufacture, then GE will, at its option, either (1) provide a credit to Purchaser equal to the current price GE charges Purchaser for the ballast and, in GE's discretion, either retain a service provider to install the replacement ballast or pay a reasonable labor allowance that is pre-approved by GE, or (2) refund the purchase price paid to GE for the ballast. This warranty applies only to GE UltraMax® and UltraStart® linear fluorescent electronic ballasts that have been properly wired and installed; operated within the electrical values shown on the ballast label; and operated in lighting equipment designed and approved for the application and in environmental conditions (temperature, humidity and air movement) within the normal specified operating range of the system.

**Terms & Conditions:** The foregoing ballast warranty applies only to direct purchases from GE or authorized GE distributors, but does not apply to failures caused by acts of God or as a result of any abuse, misuse, abnormal use, or use in violation of any applicable standard, code or instructions for use in installations, including, but not limited to, those contained in the National Electrical Code, the Standards for Safety of Underwriters Laboratory, Inc., Standards for the International Electrotechnical Commission, Standards for the American National Standards Institute or, in Canada, the Canadian Standards Association. *GE reserves the right to examine failed ballasts to determine the cause of failure and patterns of usage.*

The foregoing warranty constitutes the sole and exclusive remedy of the purchaser and the sole liability of GE for ballast warranties. **NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IS TO BE IMPLIED.** In no event shall GE be liable for any other costs or damages including lost profits, incidental, special or consequential damages.

**To Make a Warranty Claim:** Retain the failed products and notify your GE sales representative within thirty (30) days of the failure. This warranty extends only to Purchaser. However, GE will honor, under the terms of this Limited Warranty, valid warranty claims made by Purchaser for the remedy set forth above as a result of warranty claims made to Purchaser by its customers and indirect customers.
