

High Performance Forward Lighting

EiKO's line of High Performance Forward Lighting headlamps increase illumination and enhance the visibility of objects on the road. Drive safer and see farther with Clear Vision Supreme®, Clear Vision XL®, and Power Vision PRO® lamps from EiKO!

CLEAR VISION Supreme™

Clear Vision™ Supreme premium halogen headlamps feature SoLux® technology in order to produce the brightest, whitest and longest beam of any DOT legal headlamp. Up to 80% brighter and 50% whiter!

CLEAR VISION XL™

Clear Vision™ XL premium halogen headlamps feature a proprietary coating technology that produces up to 65% brighter and 25% whiter light.

POWER VISION PRO™

Power Vision™ PRO halogen headlamps feature a high performance tungsten filament that produces more light than the average lamp.
