

GENERAL ORGANICS®

BioWeed® is a plant and soil vitality booster featuring a natural blend of cold processed seaweed that encourages thriving growth of roots, stems, and foliage. BioWeed works in harmony with General Organics BioThrive and all other fertilizers.

General Organics provides gardeners with a complete line of superior organic based plant foods and supplements. We combine traditional gardening techniques with the ecological and efficient materials of the future. Each product in the "GO" line enables you to enrich your garden, your life, and the planet. General Organics foundation rests upon our deep commitment to provide simple and innovative products with unsurpassed quality.

Usage:

For Light Feeding:

Add ½ teaspoon of BioWeed per gallon of water.

For Heavy Feeding:

Add 1 teaspoon of BioWeed per gallon of water.
