# Low Rider™ Reflector

## 6" AIR-COOLED REFLECTOR

Dimensions:  
17.5" x 17.5" x 6"  
Weight: 17.5 lbs

- 1 Most compact, high-output hood on the market. Ideal for low ceiling applications, or used in between floor joists.
- 2 Industry first oval 6" air cooled fitting that uses standard 6" duct and hose clamp.
- 3 Completely sealed—featuring hinged glass and double gasket for an air tight seal.
- 4 95% reflective European aluminum interior offers excellent reflectivity and diffusion.
- 5 Powder-coated galvanized steel housing.
