

SKB7.5LED

LED A19 Frosted Bulb

An LED A19 Bulb for table fixtures, floor fixtures, ceiling fixtures and decorative chandeliers. It consumes only 7.5 Watts and replaces a 40W incandescent bulb. The result; up to 90% savings in energy. The bulb has a life of 40,000 hours at L50 standards. Lumen maintenance is enhanced by the integrated thermal management system.

FEATURES:

- Lumens: 2700K: 450 Lumens / 5000K: 550 Lumens
- 7.5 Watts
- 2700K or 5000K
- 40,000 Hour Life (L50)
- Proprietary housing for thermo heat protection
- CRI 80
- 5 Year Warranty
- Non Dimming
- Saves up to 90% energy and operating costs

CONSTRUCTION:

LEDs: All LEDs are matched for color and CRI. The stated 40,000 Hour life is based on functional light quality. After 50% lumen depreciation MaxLite considers the functional life of the lamp to be ended.

Housing: The body of each lamp is solid aluminum. The aluminum acts as a heat-sink providing thermo heat conductivity. This keeps the LED junction temperature well below the manufacturer's specification. The lamps stay cool and the lumens are maintained for longer life.

Base: The A19 has a standard E26 Base.
