

Plantmax offers adjusted spectrum in both **Metal Halide** & **High Pressure Sodium grow lamps**. Plantmax Metal Halide provides high lumen output and spectrum that help plants grow in vegetative stages. Plantmax High Pressure Sodium with adjusted blue spectrum brings you the best yields in flowering and fruiting. Plantmax grow lamps bring you ultimate yields even in the middle of winter.

Plantmax SUPER Metal Halide Series

<i>Product Code</i>	<i>Description</i>	<i>Initial Lumens</i>	<i>Glass Size</i>	<i>Life Hours</i>	<i>CCT</i>	<i>Quantity</i>
PX-MS250	Plantmax Metal Halide 250 Watt	24,000	ED28	10,000	4,200	12/CS
PX-MS400	Plantmax Metal Halide 400 Watt	39,000	ED37	10,000	4,200	12/CS
PX-MS1000	Plantmax Metal Halide 1000 Watt	120,000	BT37	10,000	4,200	12/CS

Plantmax SUPER High Pressure Sodium Series

<i>Product Code</i>	<i>Description</i>	<i>Initial Lumens</i>	<i>Glass Size</i>	<i>Life Hours</i>	<i>CCT</i>	<i>Quantity</i>
PX-LU250	Plantmax High Pressure Sodium 250 Watt	29,000	ET18	24,000	2,000	12/CS
PX-LU400	Plantmax High Pressure Sodium 400 Watt	50,000	ET18	24,000	2,000	12/CS
PX-LU430	Plantmax High Pressure Sodium 430 Watt	58,000	ET18	24,000	2,000	12/CS
PX-LU600	Plantmax High Pressure Sodium 600 Watt	90,000	T15	24,000	2,000	12/CS
PX-LU1000	Plantmax High Pressure Sodium 1000 Watt	140,000	ET25	24,000	2,000	12/CS
