# Low Rider™ Reflector

## 6" AIR-COOLED REFLECTOR

Dimensions:  
17.5" x 17.5" x 6"  
Weight: 17.5 lbs

- ① Most compact, high-output hood on the market. Ideal for low ceiling applications, or used in between floor joists.
- ② Industry first oval 6" air cooled fitting that uses standard 6" duct and hose clamp.
- ③ Completely sealed—featuring hinged glass and double gasket for an air tight seal.
- ④ 95% reflective European aluminum interior offers excellent reflectivity and diffusion.
- ⑤ Powder-coated galvanized steel housing.
